Letter of Testimonial for Schick Construction

My husband and I would like to express our sincere appreciation for a job well done by the Orlando Roofing Pros at Schick Construction. From beginning to end the process was professional and timely. The price was unbeatable and I compared their price to 5 other roofing contractors in our area to get to our final choice. We are very happy that we chose the team at Schick Construction.

The crew arrived on a Tuesday morning and only 2 and ½ days later, our new roof was finished. . All of our neighbors are walking by and admiring our new roof and **several asked us who the contractor was.** I strongly recommend Paul Schick and his team of Orlando roofing professionals **should you need a new roof in the future.** Feel free to contact us for a personal reference for the Schick team.

Sincerely,
